# Towing Light Kits

## Wireless Magnetic Towing Lights

- Brake & taillights, turn signals, 4 way flashers
- 10 diodes per light (requires 8 AA batteries)
- Over 65' of wireless operation
- Standard 4-pin flat magnetic transmitter
- 29 lb pull magnets

**HEMLW20** LED wireless magnetic towing light kit **\$129.95**

## Magnetic Towing Lights

- Brake & taillights, turn signals, 4 way flashers
- Housing & lens are sonic welded to create a sealed light
- 12 diodes per light, 22 lbs pull magnets
- 20' wiring harness with standard 4-pin flat connector

**HEMLL24** LED magnetic towing light kit **\$79.95**

## The Wireless Limelight

- 14 LED's!
- Provides stop, tail, & turn lights
- Up to 10 hrs of use between charges
- Recharges from 12V DC cigarette plug (included)
- Two 90 lb pull magnets with non-scratch rubber boots included
- Lifetime warranty on LED's & electronics
- Comes complete with light bar, transmitter, charge, & instructions
- Transmitter provides approximately 1000' range.

**HEMW122** 22" Limelight with 4-pin round transmitter **\$279.95**

**HEMW1227HD** 22" Limelight with 7HD round pin transmitter **\$279.95**

**HEMW12RV** 22" Limelight with 7RV transmitter **\$279.95**

SAE Sealed 7RV Cables  
See page 141

## Magnetic Towing Lights

- Brake & taillights, turn signals, 4 way flashers
- 20' main harness
- 8 lb pull magnets
- Use for under 80" wide loads

**HEML20** Towing light kit, incandescent, 4-flat plug **\$39.95**

## Magnetic Towing Lights

### Difference between waterproof and submersible?

- Waterproof lights are sealed and will not let water inside.
- Submersible lights are designed for submersion and have a drain hole at the lowest point.
- Please make sure your wiring connections are sealed so water cannot get in through the wires.
