**Footnotes:** B- 6" Minimum from tire to frame clearance required   C- 7.5" Minimum from tire to frame clearance required   D- Use Spacer Kit MSA2366 for Heavy Duty models  
E- 8" Minimum clearance from tire to frame required   G- 9.5" minimum clearance from tire to frame required   H- No interference with most In-bed hitches   ND- No drill installation

## Air System

- Standard duty air compressor
- Single white face gauge
- Inflates two bags equally
- Air compressor systems give you quick, easy adjustment for your ride-rite airbags with in-cab controls to adjust air pressure for various load and road conditions.
- Includes no drill mounts
- Not compatible with Firestone RED label or auxiliary air tank

**MSA2900** Single Path Air Compressor System **\$443.95**

## Heavy Duty Air System

- Heavy duty air compressor
- Single white face gauge
- Inflates two bags equally
- Air compressor systems give you quick, easy adjustment for your ride-rite airbags with in-cab controls to adjust air pressure for various load and road conditions.
- Includes no drill mounts
- Compatible w/ Firestone RED label and up to 3 gal. auxiliary air tank

**MSA2901** Single Gauge HD Air Compressor System **\$655.95**

## Dual Path Air System

- Heavy Duty air compressor
- Dual white face gauge
- Inflates two bags individually
- Includes no drill mounts
- Compatible with Firestone RED label and up to 3 gal. auxiliary air tank

**MSA2911** Dual Path Air Compressor System **\$823.95**

## Replacement Parts

- MSA2229/9039: replacement switches for MSA2900/2901 kits

**MSA2229** Replacement white gauge and switch **\$171.95**  
**MSA9039** Replacement paddle switch only **\$71.95**  
**MSA9401** Sealed air pressure switch, 90-120 PSI **\$72.95**  
**MSA0938** 1/4" red air line tubing, 18 feet **\$13.95**

## Wireless Air Command Systems

- Standard duty air compressor
- Wireless hand held remote & mobile app for convenient operation in or out of truck
- Includes no drill mounts
- Not compatible with Firestone RED label or auxiliary air tank

**MSA2922** Single path, standard duty compressor **\$716.95**  
**MSA2933** Dual path, standard duty compressor **\$1063.95**

## Replacement Air Compressors

- MSA9523: Not compatible w/ RED label or auxiliary air tank
- MSA9499: Compatible w/ RED label & up to 3 gal. auxiliary air tank

**MSA9523** Standard Air Compressor, 120PSI, 1/8" NPT **\$188.95**  
**MSA9499** Heavy Duty Air Compressor, 150PSI, 1/4" NPT **\$399.95**

## Firestone Air Tank

- Up to 150 psi.
- Coated internally and externally for maximum corrosion resistance

**MSA9125** 1 Gallon Air Tank **\$85.95**

BACK GUARANTEE

LIFETIME  
WARRANTY

Air spring kits available for more than 500+ different vehicles.

## LoadLIFTER 5000™

- Without internal jounce bumper
- Up to 5,000 lb of load-leveling capacity.
- Built like a tire: reinforced with 2-ply fabric for maximum strength

## LoadLIFTER 5000™ ULTIMATE

- All the benefits of LoadLifter 5000™
- Internal jounce bumper absorbs shock.
- Safely run with zero air pressure.

## LoadLIFTER 7500XL™ ULTIMATE

- Internal jounce bumper absorbs shock.
- Safely run with zero air pressure.
- Up to 7,500 lb of load-leveling capacity
- Big 7" double-convoluted-bellow air springs
- Up to 20% more volume than LoadLifter 5000™

## Looking for a reliable helper spring?

It's time you consider using Timbren SES suspension upgrades. The Aeon® hollow rubber spring is the heart of the Timbren SES suspension upgrade.

### Why rubber springs?

In many ways, Aeon® hollow rubber springs are superior to all other suspension helpers. In fact, Aeon® rubber springs are stronger than steel and more reliable than air!

See for yourself how Timbren SES upgrades will give you precisely the capacity and the ride quality that you need to keep your vehicle level and stable.

### Zero Maintenance!

Enjoy maintenance-free & trouble-free driving. Spend less time in the repair shop and more time on the job. Timbren SES upgrades not only install easily; they require no upkeep. There are no metal leaf springs to sag or air springs to leak. Experience for yourself the benefits of increased stability and superior ride quality with Timbren SES upgrades.

### 90-day Satisfaction Guarantee

## SOLVING PROBLEMS

### Trailer Sway

Control Trailer Sway - a condition which sometimes occurs with unbalanced loads, in crosswinds or when passing heavy trucks. **Timbren SES** stabilizes your vehicle.

### Rough Ride

Improve the Ride by allowing the Aeon® hollow rubber springs to absorb road shocks and bumps. Towing a trailer doesn't have to mean poor ride quality.

### Suspension Sag

Eliminate Suspension Sag when towing a heavy trailer. **Timbren SES** extends the life of your suspension and helps to avoid bottoming out.

### Body Roll

Control Body Roll during cornering with powerful progressive rate rubber springs which resist lean and enhance vehicle stability.

# SuperSprings Suspension

- Handmade from micro-cellular polyurethane
- Reduces G-force in your towable by 68%
- Designed to remove sway, hop, & body roll while increasing overall driver control and comfort while towing
